

Great news! Our school subscribes to eLibrary Canada CE, the easy-to-use, Internet-based teaching and learning solution for students and teachers. Best of all, it's available at school or from home 24 hours a day, 7 days a week.

eLibrary Canada CE offers a broad range of full-text and multimedia content that supports student information needs. Teachers can use it for lesson planning, in-class activities, library work, and student assignments via the integrated BookCart tool. It's also a powerful homework helper and all-in-one research tool.

### How will eLibrary Canada Curriculum Edition help?

- Work from school or home on your research assignments.
- Improve your grades by bringing in extra credit articles on what you are studying.
- Find out more about your personal interests and hobbies.
- Combine pictures, maps, and multimedia into presentations and reports.
- Access integrated history and literature content, along with eLibrary sources.
- Save time by getting all you need for reports from one search!

### What can you do?

- Search or browse more than 1,500 full-text magazines and journals.
- You can print, save, or email on the spot.
- Look up news articles from more than 230 regional, U.S., Canadian, and international newspapers – in full text.
- View audio and video clips to learn how things work, review historical events, and bring the excitement of sound and video to assignments.
- Access pictures, maps, and illustrations to enliven homework assignments.
- Browse collections of articles and editor-selected web sites organized by topics such as Current Events, Business & Communications, Government, Technology, Literature, Mathematics, and more.
- Utilize 190 full-text reference books, including *The World Almanac*.
